PRE-SOLICITATION NOTICE

CONSULTING SERVICES FOR THE DEVELOPMENT AND IMPLEMENTATION OF AN
INTEGRATED ROAD ASSET MANAGEMENT SYSTEM

The United States of America, acting through the Millennium Challenge Corporation (MCC) and the Government of Liberia (GoL) have entered a Millennium Challenge Compact for Millennium Challenge Account assistance to help facilitate poverty reduction through economic growth in Liberia (the "Compact"). The Government, acting through the Millennium Challenge Account-Liberia (MCA-Liberia), intends to procure Consulting Services for the Development and Implementation of a cloud-based integrated Road Asset Management System (RAMS) very shortly.

This RAMS is part of the MCC funded Road Project comprising of two inter-connected activities of National Road Maintenance Activity and Roads Sector Reform Activity designed to build a foundation for national road maintenance planning/execution, and to build capacity within the sector.

Additionally, MCC Funding for the Roads Project also supports strengthening the responsive planning and implementation capacity to institutionalize Social Inclusion and Gender Integration within GoL.

The Scope of Work is to develop and implement a cloud-based Integrated Road Asset Management System (IRAMS) which includes the following core sub-systems:

1. Spatial Relational Road Database Sub-System;
2. Road Locational Referencing Sub-System;
3. Paved Road Management Sub-System;
4. Unpaved Road Management Sub-System;
5. Bridge Management Sub-System;
6. Traffic Management Sub-System;
7. High-Level Management Dashboard; and
8. Integrated Mapping Capability

The RAMS must also include interfaces to HDM-4 (Highway Development & Maintenance System), ROMAPS (Routine Maintenance Planning System), and other existing systems used by the related Departments under Government of Liberia.

Additionally, the Scope of Work includes training and capacity building in the use of the RAMS, targeting all levels of management within the Ministry of Public Works (MPW) and the National Road Fund (NRF).

The duration of development and implementation of the RAMS is eight (8) months maximum, including the training and required approval periods, plus two-year maintenance support.

MCA-Liberia now invites interested consultants to express their interest in participating in this procurement with their brief company profile, project details of past similar experience (especially in sub-Saharan Africa) and the description of their proposed systems. MCA-Liberia will keep the contacts of interested consultants in their mailing list and send the Request for Proposals (RFP) for their consideration, as and when it is released.

To confirm your interest in participating in this upcoming procurement, please send an email to the address below with the requested details by **October 10, 2019**.

IMPORTANT!

This is not a Request for Proposals (RFP). MCA-Liberia is not hereby requesting the submission of proposals in response to this pre-solicitation notice. This is also not intended as a shortlisting process. The purpose of this pre-solicitation notice is for interested and qualified consulting firms to express interest in being placed on MCA-Liberia's mailing list for receiving the RFP when it is released. MCA-Liberia intends to publish a Specific Procurement Notice and release the RFP within the next four weeks.

This pre-solicitation notice does not obligate MCA-Liberia to release the RFP or award a contract, nor does it commit MCA-Liberia to pay for any costs incurred in response to this pre-solicitation notice.

Consultants interested in receiving the RFP should register their interest by sending an e-mail, giving full contact details of the Consultant to the address below. This will ensure that the Consultant receive a copy of the RFP and updates about the RFP.
