**RESPONSES TO REQUEST FOR CLARIFICATION**

**Ref: Ref: 4A1507/CA/017**

**Clearing Agent Services**

Following the issuance of the Request for Quotation (RFQ) for the **Clearing Agent Services**, Service Providers were provided the opportunity to ask questions and request clarifications related to the RFQ in writing up to September 24, 2020.

The following are the requests for clarification from the Service Providers and MCA-Liberia's responses:

#	Service Providers' Queries	MCA-Liberia's Responses
1.	I need clarity as to what I am to clear, number of quantities (e.g. container), etc?	<i>Specific items and quantities are unspecified for now.</i>
2.	Please provide a full description of which goods i.e 20ft and 40ft, etc you will require clearing agent services so I can be able to better give a reality quotation as per your RFQ?	<i>It is anticipated that the service provider may be required to clear equipment (mechanical/electrical or related items), light tools and related items, printed materials (manuals, books, etc.) in boxes/cartons or any other item, shipped through airfreight or sea freight as may be required by MCA Liberia. Others could be containerized (20ft or 40ft) items as needed.</i>
